## **3. BREEDING OBJECTIVE**

To maintain an accurate record of the breeding and parentage of the Irish Riding Pony. To maintain and improve the quality, performance and characteristics of the Irish Riding Pony and to promote the popularity of the Irish Riding Pony within the European Union.

## **4. DIVISION OF STUDBOOK**

- a) The Irish Pony Society studbook is composed of a main section and a supplementary section. To qualify for entry into the main section a pony must meet the following requirements:
  - Be descended from parents entered in the main section of the studbook for the breed, have a pedigree established according to the rules of the studbook and have a covering certificate signed by the stallion owner.

- Be identified as a foal at foot according to the rules of the studbook and have a covering certificate signed by the stallion owner.
- b)** The Society operates an approved crossing programme that includes the following breeds:
- Equines registered with Weatherbys (including purebred Arabs)
  - Equines registered with the Arab & Anglo Arab Horse Societies
  - Ponies registered with any Native Pony Breed Society recognised within the E.U.
  - Ponies registered with the National Pony Society in the British Riding Pony Stud Book
  - Equines registered with the Irish Horse Board
- c)** Animals from the breeds approved under the crossing programme are eligible for entry into the main section of the studbook to take part in the approved crossing programme as long as they are identified according to the rules of the studbook.
- d)** Animals from other studbooks shall be entered in the class of the studbook whose criteria it meets.
- e)** To qualify for entry into the supplementary studbook a pony must meet the following requirements:
- Be identified in accordance with the studbook rules
  - Be identified in accordance with the breed standard
  - Have a minimum performance as laid down by the Society, e.g. the animal has suitable conformation and movement
- f)** For progeny to upgrade from the supplementary section to the main section of the studbook the following criteria must be met:
- Dam must be entered in the supplementary register
  - Sire must be a stallion registered in a studbook approved by the Irish Pony Society and must have his sire and dam information recorded
  - A covering certificate signed by the stallion owner must be submitted
- g)** Animals whose registration does not include a signed covering certificate by the stallion owner and/or by DNA typing will be registered in the supplementary section in accordance with the rules for entry into the supplementary section. The pedigree information will be recorded in the passport for reference only.
- h)** Animals that are registered with the I.P.S. for competition purposes only and not for inclusion in the studbook for breeding purposes will be registered in the I.P.S. Competition Register (which is separate to the I.P.S. studbook) so as to be eligible to compete at Irish Pony Society Shows.

## 5. REGISTRATION PROCEDURE

- a) Animals registered over the age of six months will have their passports stamped "As this animal was not presented for identification within six months of birth, it is NOT intended for slaughter for human consumption"
- b) **System for recording pedigrees:**
- All pedigrees recorded in the main section of the studbook will require a signed stallion covering certificate and/or DNA typing results.
  - The Society reserves the right to DNA type 5% of registrations at random in a calendar year.
  - Where a covering certificate or DNA typing results are not provided the animals will be entered in the Supplementary section of the studbook in accordance to the entry rules of the Supplementary Register. The pedigree information will be recorded in the supplementary passport, but it will not have been confirmed by a covering certificate or DNA typing.
- c) **System for identifying animals:**
- The markings of an animal are taken by a veterinary surgeon, who also inserts the microchip. The microchip number is recorded on the marking chart. The marking chart is sent to the Society who then registers the animal in the appropriate section and issues the passport.
  - All animals being registered for the first time, will be given a UELN (Unique Equine Life Number) number consisting of fifteen digits which will remain with the animal for life. The first six digits of this number are unique to the I.P.S. and are 372009. The I.P.S. will also allocate its own Stud Book Registration Number which will consist of a Volume Number followed by an individual number.
  - Animals accepted into the Supplementary Register will be given a number on the same system, except that it will have (SR) after the I.P.S. number.
  - Animals accepted into the Competition Register will be given a number on the same system, except that it will have (CR) after the I.P.S. number.
- d) **Transfer of ownership:**
- The I.P.S. office must be notified within 7 days of the disposal or change of ownership of any pony registered with the I.P.S. and must be given full particulars of such change. Within 30 days the new owner must forward the passport and transfer fee to the I.P.S. office for the change of ownership to be stamped on the passport and to be recorded on the Society's database.

e) **Prefix:**

A breeder's prefix may be registered with the Society at a cost as decided by the Council from time to time. This prefix must be retained with any subsequent change of ownership or alteration to the pony's name. The names of ponies, already registered with the Society, may only be altered in exceptional circumstances and then at a fee as decided by the Council. Suffixes/affixes may also be registered at the same cost as prefixes.

f) **Replacement passports**

Replacement passports may be issued by the Society. The owner of the animal must write to the Society stating that the passport has been lost, stolen or misplaced. The owner must submit a new set of markings on an official marking sheet signed by a Veterinary Surgeon. The Society will then re-issue the Society with a new passport. It will be noted on the passport that it is a "Duplicate Copy".

**6. INSPECTIONS**

Animals will be inspected for entry into the Supplementary Section:

- Animals will be inspected by persons selected from the I.P.S. Judges Panel.
- A list of inspectors will be available from the I.P.S. Office.
- Animals will be deemed suitable for entry into the Supplementary Register on their conformation and potential to perform as Show Pony, Show Hunter or Working Hunter.
- Inspectors must be impartial, and may not inspect an animal that they have bred, owned, produced or in which they have a financial or social interest.

**7. PASSPORTS**

Under the current Department of Agriculture legislation, it is illegal for any person to travel with equines anywhere in the country without the animal's passport. Please be aware that the Department officials have authority to enter the premises, i.e. shows/centres, and randomly verify whether those present have adhered to the law. Sanctions will be imposed on any member found to be in breach of these regulations.

Cards received after that date will not be considered for Awards.
10. Only registered animals with current year's Showing Cards may qualify for National Championships and/or Points Awards. The Showing Cards must be carried by riders or handlers in competition.

### **LEASING PONIES**

11. If a pony is leased to another party it will be treated as the property of the Lessee by the I.P.S. and all benefits and penalties relating to the pony shall be attributable to the Lessee. When a lease is negotiated the pony will not be treated as the property of the Lessee until the relevant lease fee has been paid to the I.P.S. and the arrangement completed.

12. A form for the registration of the lease of ponies can be obtained from the I.P.S. office and must be completed by both the Lessor and Lessee. The duration of the lease is twelve months.

### **AGE OF PONIES**

13. The age of a pony shall be calculated from the 1st January in the year of its birth.

### **MEASUREMENT OF PONIES GENERAL**

14. (i)
- (a) Under I.P.S. Rules, ponies must be measured before competing in ANY Ridden Class.
  - (b) Specific Measuring Sessions for this purpose are organised by the SJI and/or the I.P.S. in each region to facilitate pony owners.
  - (c) The pony owner or the person responsible for presenting the pony at the Measuring Session is responsible for making themselves familiar with the Rules of Measuring ponies and those of Appeal.
  - (d) Ponies owned, wholly or partially, by Irish residents of the 32 counties (irrespective of where such ponies are located or maintained) must compete under I.P.S. or SJI Measurement Schemes to comply with the Rules therein.
  - (e) In the case of ponies which are owned by non-Irish citizens and ordinarily located in a country other than the thirty two counties of Ireland, a current year's height certificate recognised and approved by the appropriate National Equestrian Authority of that country will be accepted by the I.P.S. when that pony is temporarily located within the thirty two counties of Ireland (for specified competition) for a period not exceeding 28 days in any one year.
  - (f) The Council through its relevant committee has the authority to ask for any pony to be re-measured.
  - (g) All ponies presented for measurement at I.P.S./SJI measuring venues must have their vaccinations up-to-date. Those that do not must have their vaccinations carried out by attending Vets on the day if measurement is required.

### **Micro-chipping**

#### **14.(ii)**

- (a) Micro-chipping is compulsory for all ponies prior to being measured. The owner, by presenting their pony for measuring, agrees to the micro-chipping of the pony, where this has not been done prior to attendance at the Measuring Venue.

There will be a fee for micro-chipping in addition to the measuring fee.

- (b) It is advisable to have the pony protected against tetanus before being micro-chipped. Tetanus Vaccination may be available at the Measuring Centres, at an additional fee, but owners are advised to consult their own veterinary surgeon prior to attending the Measuring Centre.

### **Measuring in Owner's own Region**

#### **14.(iii)**

- (a) Ponies for measuring must be presented in the region of their owner. Only under extenuating circumstances can a pony be accepted for measuring outside their own region and then only provided a request has been made to the I.P.S. office and permission granted by I.P.S. Council who will nominate the most convenient Centre. A letter of I.P.S. permission must be submitted with the passport when applying for a Showing Card.

All ponies being presented at an official I.P.S/SJI measuring venue for their first documented measurement who seek re-aging can, with the agreement of the Veterinary Surgeons at the measuring, present to a panel of independent vets for reassessment. Reassessment to be arranged by the I.P.S/SJI and all costs must be borne by the owner.

- (b) Ponies may only be presented once for measuring in any one calendar year other than in one of the specific circumstances as listed below:
- i) through the Appeal System
  - ii) for verification of measurement if moving to a different height category
  - iii) ponies turned down at Regional Measuring Sessions as being in a physically unfit state
  - iv) If, in the opinion of the Measuring Veterinarian, an animal presented for measuring is not under the control of the handler, the measuring Vet may refuse to measure the animal
- (c) The right to present a pony at a subsequent Measuring Centre is at the discretion of the I.P.S. Council to whom a written application must be made. In the case of Rule 14(iii)(b)iii) – attendance for measuring may only be at the University Veterinary Hospital.

### **Presentation of ponies at Measuring Centres**

#### **14.(iv)**

- (a)** No allowance will be made for ponies wearing shoes at a Measuring Session and it is therefore recommended that ponies are presented unshod.
- (b)** Ponies may not be ridden at the Measuring Centre.
- (c)** All ponies must be presented in a bridle.
- (d)** All ponies must be presented by a person over 16 years of age.
- (e)** All rugs, bandages and other articles of horse clothing must be removed, for identification purposes, prior to presentation.
- (f)** It is the owner's responsibility to present their pony at the Measuring Centre in a physically healthy condition for measuring.
- (g)** Owners who have their pony rejected for measuring at a Measuring Centre, including the University Veterinary Hospital on the grounds of a pony not being in a 'healthy state' may face disciplinary action from the I.P.S.
- (h)** The Veterinary Surgeon at any Measuring Session has the right to test any pony presented at the Centre for prohibitive substances.
- (i)** Should the test be positive, the owner of the animal may face disciplinary action and the measurement of the pony and any relevant registration documents for that year will be declared null and void.

### **Requirements for Measuring regarding Age:**

#### **14.(v)**

- (a)** The Passport identification chart, microchip and the age of the pony, must be verified by the Veterinary Surgeons at the Measuring Centre. Re-aging of ponies will not be permitted. Animals under four years of age cannot be accepted for measurement.
- (b)** Ponies require an annual measurement prior to registration with the I.P.S. until they are eight years old or over.
- (c)** Ponies eight years or over being registered for the first time must have two consecutive height measurements from the age of eight and over.
- (d)** Owners should ensure, when their pony is eight years old and over and has two consecutive measurements in the same height category, that before leaving the Measuring Session, their passport is signed by two Veterinary Surgeons at the Centre. This permits the pony to be registered in future without further measurements, unless specifically requested to do so by the I.P.S. Council.

- (e) Ponies whose Life or Final recorded measurement has been carried out under a system other than that of the I.P.S. or SJI must be re-measured at an official I.P.S./SJI Measuring Centre.

**Measuring down from Height Category to another:**

- 14.(vi) Ponies measuring down at a Regional Measuring Centre from one height category to another must have their measurement confirmed at the University Veterinary Hospital *within ten days of the original measurement date before this measurement will be accepted by the IPS. N.B. Please note members whose pony has changed height category or who are intending to change a pony's height category should inform the SJI personnel of this on the day of the measurement to ensure facilitation of the measurement at the Veterinary Hospital.*

**Ponies coming from outside the country:**

- 14.(vii)
  - (a) All ponies, 5 years old and over, regardless of grade entering Ireland (32 counties) and wishing to compete under I.P.S. rules must have their placings converted to I.P.S. status and be measured at an official I.P.S./SJI Measuring Centre and the rules of the I.P.S./SJI measurement of ponies will apply.
  - (b) All ponies returning to Ireland that had fulfilled the two height measurements at eight years old or over at the same height category PRIOR to leaving Ireland, do not require further measurement with the I.P.S.
  - (c) All ponies entering Ireland that have been measured out in any other jurisdiction must present to the University Veterinary Hospital to be re-measured prior to registration with I.P.S.

**Ponies measured at the University Veterinary Hospital:**

- 14.(viii)
  - (a) A pony over eight years old that has been presented at the University Veterinary Hospital will not require further measurements to be registered with the I.P.S.
  - (b) Any pony that attended the University Veterinary Hospital as a result of an appeal from an I.P.S/SJI measuring, is obliged to re-present at an I.P.S/SJI measuring venue the following year under the age related applicable rule.

**JMB Height Certificates:**

JMB documents are not official passports NOR is/are the measurement(s) thereon recognised by the I.P.S. for competition in Ireland (32 counties). In order to compete in I.P.S. classes, these documents must be exchanged for official I.P.S. passports and the ponies measured at an official I.P.S./SJI Measuring Centre.

**The Right of Appeal:**

**14.(ix)**

- (a) At a Measuring Centre, if the person responsible does not agree with the measurement given by the Veterinary Surgeon, he/she has the right to be allowed a period of time (maximum of 30 minutes), whilst the Measuring Session is still operating, to re-present the pony.
- (b) The pony is not permitted to leave the measuring venue.
- (c) If, after the official measurement, the person responsible is still not satisfied with the height recorded, he/she has the right to make a formal appeal.
- (d) A prescribed form will be required to be completed and forwarded with payment to the I.P.S. office. The passport is retained by the owner and brought to the University Veterinary Hospital.

**Time Limit of Appeal:**

**14.(x)**

- (a) Appeals must be made on either the day of the measuring or within one week from the date of the Measuring Session and cannot otherwise be accepted unless with the approval of the I.P.S. Council.
- (b) In all cases, the pony under appeal will be measured at the University Veterinary Hospital or place appointed by them at a time and date nominated by the I.P.S./SJI.
- (c) A fee as determined by the Council of the I.P.S. Irish Pony Society Co.Ltd. will apply to all Appeals, inclusive of a blood testing fee. A refund of 50% will be made where there is a successful outcome to the appeal. No refund will be made should an appointment be cancelled.
- (d) The time and date of the Appeal Measuring will be notified to the owner upon receipt of the measuring fee.
- (e) Shoes must be removed prior to presentation.

**Procedure for Measuring under Appeal:**

**14.(xi)**

- (a) The pony under appeal will be measured by the University Hospital Veterinarian whose decision is final. I.P.S. and SJI Officials will also be in attendance and will be responsible for the reporting procedures.
- (b) A disclaimer must be signed by the owner/agent before the animal is accepted for measuring. The owner/agent must agree that the University Veterinary Hospital and the I.P.S./SJI will not have any responsibility for any mishap at the measuring.
- (c) In all cases the owner will be entirely responsible for the presentation of the pony at the Veterinary Hospital.

- (d)** There will be no facility for lunging or exercising an animal at the University Veterinary Hospital, other than walking in-hand.
- (e)** Ponies attending the University Veterinary Hospital under appeal will be subject to testing for prohibitive substances and, if subsequently found to be positive, the original measurement will stand for the year and the owner will be subject to disciplinary action by the I.P.S. Any relevant registration documents for that year will be declared null and void.
- (f)** Should the Veterinary Surgeon at the Appeal consider the pony unfit for presentation, through clinical grounds, which will include excessive hoof trimming, lameness, ataxia, dehydration, abnormal heart rate or other conditions which the Veterinary Surgeon deems 'unfit' for presentation this animal will not be permitted to be presented. This judgement is made at the time of the measuring by the attending Veterinarian. The owner will be subject to disciplinary action, which may lead to a criminal prosecution for cruelty.
- (g)** No products – herbal or medicinal, are permitted in ponies being presented.
- (h)** On arrival, the animal will be given to a handler from the University Veterinary Hospital who will have total control of the animal until it is returned to the owner/agent.
- (i)** The owner/agent will be not present during the measuring.
- (j)** The owner/agent will be notified of the outcome following the procedure by the attending I.P.S/SJI Officials.
- (k)** A pony once rejected by the University Veterinary Hospital, as having been assessed unfit for measurement, cannot be re-presented at a later date to the University Veterinary Hospital or an I.P.S/SJI Measuring Session, in the same calendar year.
- (l)** The decision of the Veterinary Surgeon at the University Veterinary Hospital is absolutely final.

**Height objections:**

**14. (xii)**

- (a) Any dispute or complaint in respect of the Height Certificate must be referred to the I.P.S. office and will be dealt with in accordance with its rules. No height objection may be made against a pony measured in the current year except by the I.P.S. However, if a member wishes to make a complaint against a height certificate, said complaint must be lodged in writing with the I.P.S. office, c/o Horse Sport Ireland, 1<sup>st</sup> Floor, Beech House, Millennium Park, Naas, Co.Kildare within fourteen days of the alleged breach. This complaint must be sent by recorded delivery and must be accompanied by a fee of €100 which will be returned if the complaint is upheld. However, if the pony re-measures at its current height, the complainant will forfeit the €100 fee.
- (b) If the IPS requests a re-measurement, an application for re-measuring must be made at an approved Measuring Centre within twenty-one (21) days of the notification of the complaint or request. Failure to make the application within twenty-one (21) days as requested by the I.P.S. will result in the subject pony, its owner at the time of the objection and any other ponies registered to them receiving an automatic suspension from the Society until re-measuring of the subject pony takes place.

**VISAS**

15. (i) As the Irish Pony Society is the governing body for Pony Showing throughout the thirty two counties of Ireland all persons (I.P.S. members or otherwise) wishing to compete overseas must apply to the Irish Pony Society at least 28 days prior to date of competition for a Visa for each animal travelling. The name of the Show(s), venue(s) and date(s) on which they will compete must be stipulated together with the current height. Failure to notify the I.P.S. could lead to disciplinary action being taken. Ponies may only compete overseas in the height category as shown on the Visa.
- (ii) Ponies the property of overseas visitors must have their National Pony Passport/documentation. They may compete in Ireland on a visitor's Visa granted by their parent body and approved by the Irish Pony Society/ Equestrian Federation of Ireland.

**ELIGIBLE PONIES**

16. No exhibitor may enter and show a pony under a Judge, who is known to have bred, owned, produced, has or has had a social/professional interest in or received financial gain from that pony (stud fees excluded). The onus is on the exhibitor not to contravene this Rule provided that the Judge's name has been made available.

- 17.** All Ridden Pony Classes shall be restricted to mares and geldings, 4 years old and over. However, stallions may compete in Working Hunter Pony, Dressage, Equitation Jumping, Performance Working Hunter Pony, Heritage and Pure Breed Classes provided written permission has been previously obtained from the Council. Mares suckling a foal shall not be shown under saddle. Eligibility of stallions for Mountain & Moorland/Pure Breeds classes - see pages 43 – 45.

Mares being shown in Brood Mare Classes MUST NOT compete under saddle at the same Show on the same day.

- 18.** All stallions in any Class at an I.P.S. Affiliated Show must be ridden by riders who have attained their 14<sup>th</sup> birthday on 1<sup>st</sup> January of current year and must have obtained permission from the I.P.S. Council to compete.

### **JUDGING OF CLASSES**

217. a) The elements when judging are Manners, Conformation, Movement, Type and Way of Going. A Judge may ask for a pony to leave the ring if, in his opinion, the pony's manners are unacceptable. Manners are considered very important by this Society, but Judges must not be confused by a form of obedience which is not consistent with proper training, schooling, riding and correct balance. Forced movement, stiffness, poor mouthing, etc., can often go unnoticed.
- b) Judges are reminded that no outside assistance is allowed as ponies may be disqualified.
- c) Attendants are not allowed to enter the ring until their pony has completed its individual show, except with the express permission of the Judge.
218. Judges judging I.P.S. classes at a Show may not adjudicate in a class if he has bred, sold, leased, produced or received financial gain (stud fees excepted) from an exhibit in that class. The onus is on the exhibitor not to contravene this rule provided that the Judge's name has been published. Judges should not judge a pony owned, produced, led or ridden by a relative. If a Judge finds that an animal has come before him which contravenes any section of this rule, the Judge should ask the Steward to request the Exhibitor to withdraw from the ring. However, to facilitate exhibitors, a substitute I.P.S. panel judge may adjudicate that one class. Only where a judge's name is not available can a substitute I.P.S. panel judge be considered to adjudicate. ***This Rule does not apply where the Judge has instructed a rider or pony at an approved IPS Training Clinic.***
219. Once a Judge has commenced judging a class, no pony may be taken out of the ring without the permission of the Judge. Once a class has commenced, there shall be no change of rider, except in a Championship class when a competitor finds that he has more than one exhibit eligible to compete. A substitute rider may be used who must be the correct age for the height of the pony he rides. This also applies when a rider is competing in another section at the time of the Championship.

- a) Should there be a pony eligible to compete in a Championship/Supreme Championship in which a Judge has/had an interest, that Judge must stand down.
220. If, in the opinion of a Judge or Judges, a pony is considered to be unsound, the exhibitor shall be given the option of withdrawing the exhibit from the class, or asking that the official Veterinary Surgeon should examine the animal. The Veterinary Surgeon's decision shall be final and if such decision is to the effect that the animal is unsound then the same shall be deemed withdrawn.
221. Competitors are under the adjudication of the judge from entry to the ring until the Class is finished. A Class is deemed to have finished when all Rosettes have been presented and the judge has dismissed the Class.
- However, riders may leave the ring for another class at the Judge's discretion provided the individual and collective performances have been completed. The pony must remain in the ring held by an individual over 16 years of age. Riders must return to their pony in time for the final line-up, without delaying the class in any way, and in Working Hunter Pony Classes, competitors must enter the ring mounted when called for the final line up or they will forfeit their prize.
222. Classes at Affiliated Shows must be judged by a Judge on a panel recognised by the Irish Pony Society. In the Working Hunter Pony Classes, the organisers of a Show, if they so desire, may appoint separate Judges for Phases 1 and 2.
223. **In all cases, the Judge's decision is final**

- a) The Judge, Course Builder or Course Designer may alter the Course during the competition in exceptional weather conditions.

#### **Combination Fences - doubles and trebles**

- 231.** Each element of a combination fence must be marked individually and NOT COLLECTIVELY. If a pony has a refusal at a subsequent element AFTER having jumped the 1st or 2nd element of a combination, he keeps his ORIGINAL marks for these jumps despite having to retake them to complete the whole combination. However, if he then incurs further faults at any element, he must be given the usual penalties.  
Bounce fences are NOT permitted.
- 232.** Any pony taking the wrong Course or jumping another fence after completing the Course will be eliminated.
- 233.** The Jumping Phase will be completed first and any pony eliminated will not be required again.

## **Marking and Penalties**

### **235.**

In the event of a tie after Phase 2, the competitor with the highest jumping marks from Phase 1 is placed highest. In the case of a further tie, the judge's decision is final.

If a mistake in the marks is discovered, even after dismissing a Class, it **MUST** be corrected and the results and any qualification amended accordingly. Also, a correct place rosette must be awarded to any rider that had been incorrectly placed. Other rosettes should not be altered.

It is the Judge/Judges' responsibility to check that the marks are correct before ponies are placed.

If a mistake is discovered before the Championship takes place, the correct pony should partake in the Championship.

### **Rules for Judges**

## RULES FOR JUDGES

236. Judges should use their own discretion regarding the number of judging appointments undertaken each season. However, all Judges are encouraged to take up at least three appointments each year. Judging at more than one Show in the same category in the same county each year should be avoided as should judging at more than one Qualifier for a particular Championship each year.
237. Judges should judge in their correct category only, i.e. if they are on the panel for Ridden Show Ponies only, they should not judge any other category. Judges should also be fully conversant with the rules of the category in which they are judging.
- a) Qualification for any major Championship MUST be awarded in the ring.
238. Judges should not arrive late for classes.
239. Judges should not judge a pony which they have bred, owned, produced or in which they have/have had a financial or social/professional interest. ***This Rule does not apply where the Judge has instructed a rider or pony at an approved IPS Training Clinic.***
240. When invited by a Show to judge, the Judge should advise the Show Secretary of his/her availability without delay.
241. If, having accepted a judging engagement, a Judge is for some reason unable to attend, it is his/her responsibility to procure a replacement Panel Judge. However, for Championship and Area Shows the procuring Judge must clear his/her replacement with the organising committee.
242. Judges should be absolutely impartial and be seen to be so.
243. Judges must attend a Judges' Seminar at least once every three years.
244. Judges who fail in observance of the I.P.S. rules or whose conduct in any respect shall be, in the opinion of the I.P.S. Council, derogatory to the character or prejudicial to the interests of the I.P.S. may be suspended or removed from the Panel of Judges at any time by the I.P.S. Council.
- a) Judges should carry the I.P.S. Rule Book at all times and be totally familiar with the rules governing the section they are judging and comply therewith. Judges must NOT misinterpret the Rules.
245. Judges are asked to fully concentrate on the Class they are judging and not be distracted by other influences, such as mobile phones, etc.

246. If a pony competes in two different categories, i.e. Starter Stakes and 133 cms. OR 153 cms. and Intermediate Classes at the same show on the same day, Judges must adhere to the correct type when judging the class.
247. The recommended mileage allowance for Judge's travel expenses is 47c per kilometre up to a maximum of €130 PER CAR.

**ASSESSMENT OF CANDIDATES FOR ENTRY TO THE JUDGES PANEL**

***Applicants for Judges Assessment must have attained their 24<sup>th</sup> birthday on 1<sup>st</sup> January of relevant year and be a current member of the Society prior to applying for assessment.***

## **GUIDELINES AND ADVICE FOR JUDGES**

Judges on the Society's panel are appointed by the Council of the I.P.S. Irish Pony Society Company Limited annually for a period of one year only and all Judges must be paid-up members of the I.P.S. Irish Pony Society Company Limited.

Judges shall familiarise themselves with and comply with the Regulations and Recommendations of the I.P.S. Infringements of any regulations may, at the discretion of the Council, mean removal of a Judge from the panel.

Judges must ensure that their mobile phones are turned off while in the ring.

Judges should carry the I.P.S. Rule book when judging. It is essential to have a Rule Book for reference if any questions or problems on Rules arise.

The Judge on entering the ring, should confirm with the steward the number of awards to be given in each class.

Judges are asked to read their schedule carefully and judge accordingly. They must, of course, NEVER see a Catalogue or allow their Steward to give information as to the ownership, previous winners, etc., from the Catalogue.

Judges are reminded that at all times ponies MUST be judged on the day; yesterday's Champion may give a disastrous performance to-day!

The Society would be grateful if all Judges would bear in mind the fact that while they are asked not to address exhibitors by name, they must at all times be courteous to ALL those in each class.

The Council reserves the right to accept or reject any person/persons to the Judges Panel.

Judges should note that they are covered by I.P.S. insurance only when judging at I.P.S. and I.P.S. affiliated Shows.

### **JUDGES MAY NOT RIDE THE PONIES**

In all Ridden Pony Classes (with the exception of Lead Rein and First Ridden) at Area and Championship Shows, prizewinning ponies should be stripped where time permits and where any doubts exist, but it is not necessary in all cases. Working Hunter Ponies should be inspected as in other Show Classes for type, conformation, quality and substance as applicable to Working Hunter Ponies. When time is limited however and

ponies are not stripped, it is essential that Judges see the ponies trotted towards and away from them.

Working Hunter Pony Marking Sheets will be supplied by the I.P.S. to all I.P.S. Affiliated Shows. All Judges are requested to explain the correct method of filling in the sheets to the Marker and it is advisable to have the marks checked before the final placings are made.

## **RECOMMENDATIONS FOR THE RUNNING OF CLASSES**

### **Late Arrivals**

Late arrivals may be allowed to enter a class at the Judge's discretion provided the class is still at the "walk round" stage and has NOT commenced to trot.

### **Breeding and Youngstock**

Judges are asked to note that when judging ponies in-hand, ALL ponies should be trotted one at a time around the ring. They should then be called into line and judged individually for straightness of movement as well as for conformation, etc.

NO HIND SHOES ARE ALLOWED IN BREEDING & YOUNGSTOCK CLASSES.

Bits MUST be worn by all ponies, one year old and over.

In the interests of safety, ponies entered in these classes must always be shown by a **competent** handler over 16 years on 1<sup>st</sup> January of current year.

### **Riding Classes for Show Ponies and Show Hunter Ponies**

Collect and proceed to walk around the ring on the right rein. Ponies arriving after this Phase should NEVER be admitted to the class.

In classes other than Lead Rein and First Ridden ponies, the exhibits should trot and canter on the same rein, then change rein at walk or trot and work on the other rein. The class should then be brought to a walk and ponies called in singly in an orderly fashion. At this stage, where there is a large class, Judges MUST survey their back line to confirm their opinion and this section of the class, if not required further, should then be allowed to leave the ring. Judges must not let chaos prevail in the back line nor leave ponies wandering around the ring.

Those remaining will then perform their individual shows, strip and be trotted up for conformation, type and movement, etc. They should be re-saddled, mounted and finally placed from the line or following a short walk or trot around, if this is required to make a final selection.

## **WORKING HUNTER CLASSES**

Courses for the Open Working Hunter Classes at all Area and Championship Shows will be up to height taking into account the ground conditions on the day of the Show.

### **Checking the Course:**

No person, other than the Judge, the Course Builder or Course Designer appointed by the Show, is permitted to alter the Course. It is the Judge's responsibility to check the course before the class commences to confirm that it complies with the Rules and Recommendations of the Society and sign Check-List provided.

## **Phase 1**

### **Jumping Performance:**

Over an INVITING Course, designed to encourage good free jumping, the pony using itself in the correct style over its fences.

### **Manners, Suitability and Way of Going:**

The pony must be suitable for the child who is riding it. It should have a steady head carriage with no resistance to the rider's hand, have sufficient impulsion and yet be balanced and rhythmical throughout the Course. An even canter should be maintained where at all possible as any break in the pace will spoil the fluency of the round, but excessive speed is not desirable.

### **Faults:**

The usual faults, such as refusals and knock-downs, will be penalised, but a pony that jumps a clear round in BAD STYLE will be unlikely to feature in Phase 2. On the other hand, a pony with very good style but which incurs a fault, could reach Phase 2. Naturally the ideal is a fluent clear round in good style.

### **Order of Jumping:**

The Steward is to send the ponies into the ring in the order he has them on his list or in programme order and those missing their turn should be relegated to the end of the class.

### **Knowing the Course:**

It is the responsibility of the competitor to know the Course and, on entering the ring, he should merely ride up to the Judge's Marker to announce his number. If practical, the Gate Steward may inform the Marker instead, in which case the procedure is quicker.

### **Selection of Ponies for Phase 2:**

This would depend on the number of Rosettes offered, but allowance will be made for possible elimination in Phase 2, e.g. unsoundness. However,

where jumping performances have been very close, more ponies will be justified in Phase 2.

***Exhibitors may compete two ponies with the same rider in the same height category when competing at a Show. However, only one pony will be placed in the final line-up.***

OFFICIAL MARKING SHEETS MUST BE USED and are available from the Secretary:

The Carbon Copy of the scores for Phase 1 should be displayed before the commencement of Phase 2. The rider or owner is entitled to ask the Ring Steward to check the scores in the event of a suspected error in the total points. This MUST be done before Phase 2.

## **Phase 2**

### **Test for Manners in Company and Movement:**

The ponies recalled for this Phase are worked together at the walk, trot and canter and where conditions permit, they will be galloped in accordance with Rule 227 (Judging of Classes). For reasons of safety, galloping must be carried out with discipline and control. Excessive speed may be penalised. Animals must be capable of doing an individual show. They must lead freely in-hand and the rider must perform this in the correct way and then stand the pony up in front of the Judges.

In all classes, it is desirable that all ponies should give an individual show but in Novice Classes, it may be necessary to dispense with this if time is restricted. Phase 2 marks will then be awarded and FINAL PLACINGS CAN BE MADE.

### **SUMMING UP SHEET: (PHASE 2)**

This is used for animals recalled to Phase 2. It is also the Results Sheet and should be sent to the I.P.S. office IMMEDIATELY the Show is over. The carbon copy of this sheet will be available to exhibitors.

### **Working Hunter Pony Courses**

**248.** Courses: Must have a minimum of EIGHT fences and include changes of direction and spreads. Originality is to be encouraged in the use of fair hunting type fences.

250. Cradle Stakes: Must have eight fences but may include a double only.
